**Problem Base Learning & Question-Answer Session Report**  
**Academic Session : 2017-18 to 2021-22**

In every Academic Session a problem base learning programme is implemented in our college to solve the problems faced by the students. Through this, the students understand the problem that come up and the problem is solved by the teachers of the Subject. This helps the students to know what problems they are having and their problems are solved immediately. The programme conducted according to the Syllabus. Students faced various problems of learning, solving the papers, reading ability & lack of confidence. Every Subject teacher solved the problem faced by the students in academic session.

In academic session 2020-21 were organized problem base learning session and Question Answer session conducted through the online mode using Zoom Meeting, Google Meet, Teachmint App, Whatsapp groups, phone calls etc. according to syllabus. Students face various problem of learning in Online mode i.e. solving the online MCQ papers, changed paper pattern, Network issue, reading ability etc. all problems were solved in this session.

During the session 2020-21 due to emergence of Covid-19 most of the subject teachers did not solve the problems of the students face to face. They adopted online mode to solve the problems of the students.
