## Green Campus Policy

Green Campus is a space where environmental friendly practices and education combine to promote sustainable and eco-friendly practices in the campus. The Green Campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new strategies by creating sustainable solution to environmental, social, economic needs of mankind.

College environment Aims and Objectives -

- The college is striving to develop its campus on self-sustainable basis in the area of water, cleanliness and power.
- The faculty members, students have to contribute collectively to develop an eco-friendly sustainable campus and disseminate the concept of eco-friendly culture to the nearby community.
- Awareness creation about environmental issues among students and employees including climate change.
- In pursuing our programme of improved environmental performance, we take care of following major areas-

Waste Management

Objectives -

- To increase the green cover of the campus.
- To take action to reduce and recycle waste inside the campus.
- To manage and dispose e-waste appropriately.
- To ban plastic in the campus

#### Water Management

- To adopt following measures in campus to reduce water consumption.
- Rainwater Harvesting.
- Regular repairing of pipelines and flushes.
- Use of recycled water for watering plants.

#### Climate Change

- Use of energy efficient lamps, sensor based lamps.
- Monitoring the entry of vehicles in the college in terms of their fuel efficiency.
- Creating Awareness on environmental issues.
- Promote experiential learning.
- To encourage the concept of Green Audit.
- To maximize the students involvement.

We intend to pursue a programme of continuous improvement in our procedures, practices and review the policy on a regular basis to evaluate continued relevance.
