Mento Mentee Scheme Policy

Mentor Mentee Cell

Mentor Mentee Cell founded by Bhagwantrao Shivaji Patil Mahavidyalaya, Paratwada with vision to extend support and guidance to the students of the college for the betterment and upliftment of their academic career. It is a very effective system that is targeted to bridge the gap between mentor and mentee. The Mentor provides all types of support to the students who come across difficulty and who face academic challenges. The Mentor provides all kinds of help to the students and enable them to excel in academic career.

This system provides counseling to the students through personal attention and regular communication. We have been providing them tips on study and guidance regarding career choices. The Mentors provide help to the rural and tribal students in connection with fees, college admission and scholarships.

Aims and Objectives

- To bridge the gap between the mentor and the mentee.
- To ensure the quality performance of the students in academics.
- To deal with the related issues for the holistic development of the students.
- To provide mutual support and congenial learning environment.
- To inspire and motivate for higher studies and competitive examinations.
- To discuss stress related issues.
- To regulate the academic involvement and assess the outcome.

The Goal of a mentorship programme to accelerate the personal and professional development of mentees. This is achieved by providing mentees with guidance,

advice and feedback from mentors. Mentors provide support and encouragement for the progress of mentees and meet them regularly. A mentor has to act a role model and shoulders the responsibility of the overall development of their mentees. Mentors may help mentees define their career path through goal setting. A good mentor is a coach who knows coaching techniques.

The responsibilities of mentee

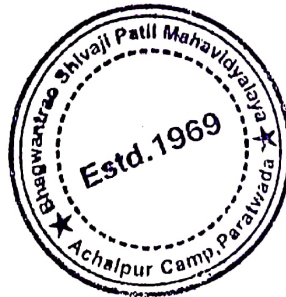

- Be a good listener
- Be clear on your goal
- Respect the time
- Be ready to move on

Programme Details :

Mento-Mentee facility is implemented in our college by Class Teacher Method. Therefore, one class teacher is assigned to each class. Throughout the academic session each class teacher acts as a parents of the students in that class. It is the job of the class teacher to guide the students in the context of competitive examinations and university examinations as well as to guide and encourage them to participate in various supplementary and extra-curricular examinations such as essay competitions, debate competitions, oratory competitions etc. In this way, throughout the academic session, each class teacher works to solve the questions and problems of the students in his class. Does works to help students.
